

As part of the **Kleev group of companies**, with established operations across the **Middle East, Asia and United States** we develop and operate state-of-the-art manufacturing and testing facilities. Backed by this international network, we proudly provide a dedicated, in-house Inspection facility with a center of excellence, specifically tailored to serve our customers within the Middle East region.

Chairman's Message

It is with immense pride and gratitude that I address you today as the Chairman of our esteemed Kleev group of companies. Over the years, we have steered a course of unwavering dedication to excellence in engineering, setting benchmarks and embracing innovation. Our journey is defined by the relentless pursuit of engineering solutions that make a difference. Together, as a united team, we will continue to transform challenges into opportunities, delivering cutting-edge engineering that shapes a brighter future for all.

We proudly established ourselves as efficient "One stop sourcing solution for Instrumentation, Solar Systems, Fabrication & Panel Integration"

KLEEV[®]

Our Vision

To establish KleeV as a trusted industry leader, respected by our customers and partners for quality, innovation, and exceptional service, while delivering sustainable and value-driven engineering solutions.

Our Mission

To manufacture and deliver high-quality products and engineering solutions using advanced technologies, innovative processes, and robust quality standards. We strive to provide complete solutions that meet customer requirements while promoting sustainable and responsible use of natural resources.

Building Connection & Creating Opportunities

One Stop Solution

Comprising Process Instrumentation,
Solar Systems, Sheet Metal Fabrication and
Panel Integration.

Advantages

- Single hand responsibility.
- No multiple follow ups to different suppliers.
- Reduced dependency on multiple suppliers.
- Hassle-Free Modifications / Changes

Process Instrumentation

- Pressure Gauges
- Temperature Gauges,
- RTD with Thermowell
- Level Gauges
- Variable Area Flow Meters
- Diaphragm Seals & Manifolds
- Regulators and strainers

Solar Power System

- PV Modules (Polycrystalline and Monocrystalline)
- Charge Controller
- Solar Structure
- Solar LED Lights

Sheet Metal Fabrication

- Explosion Proof Panels
- Weatherproof Panels
- Junction Boxes
- Battery Boxes
- Wellhead Control Panels Enclosures
- Local Control Panel
- Automation Panel

Panel Integration

- Control Panel
- RTU Panel
- Marshalling Panels
- Network Panel
- Distribution Board Panel

Cutting-Edge "Instrumentation" - Manufacturing Facility in UAE

We are an industry leading Instrumentation and Process Control Instruments manufacturing company dedicated to setting the gold standard in precision engineering and innovation. With a rich heritage of excellence spanning decades, our company has consistently delivered cutting edge solutions that redefine industries and empower businesses to achieve peak operational efficiency.

At the core of our operations lies an unwavering commitment to quality, reliability, and performance. Our instruments are meticulously crafted using the latest technologies and the highest grade materials, ensuring they not only meet but exceed the most stringent industry standards.

Oil & Gas Off-Grid Solar Power System

Our Off-grid Solar Power Solutions for Oil and Gas industry are cost effective and reliable system. Our proven solar systems have the capability to be deployed by some of the largest Oil and Gas companies like ADNOC, ADCO, GASCO, KOC, OXY... etc.

Solar Power System for Oil and Gas Industry, Specialist in Ex-Proof  approved solar system integrator.

Output voltage options

DC	12 VDC → 48 VDC
AC	Single Phase (220 VAC → 250 VAC) Three Phase (380 VAC → 450 VAC)

Battery capacity capabilities

Upto..... Day's Autonomy
5, 7, 10 upto **14 days**.

Applications for Oil & Gas

- Well Head Control Panel
- Control Valve
- Chemical Injection System
- Cathodic Protection
- Video surveillance
- Gas Flow Measurement
- Mineral Exploration Camps
- CCTV Cameras
- Flow Metering System
- RTU / SCADA

Your Vision, Our Expertise

Our sheet metal division is a grassroots solution provider for inception to finished products, with the dedicated team of design, fabrication, quality assurance with the optimization of cost and delivery time.

We are capable to design Ex-Proof Sheet Metal Enclosure for Instruments & Electric Control Panel, Wellhead Control Panel, Analyzer Shelter, Canopy etc. We have supplied variety of enclosure to an Oil & Gas, refinery, power plants.

Local Control Panel

Enclosures with Terminal Box

Credentials & Accreditations

At KleeV, our commitment to quality, safety, and reliability is reflected in our adherence to internationally recognized standards and certification requirements. Our products and solutions are supported by certifications and compliance standards including **ATEX**, **IECEX**, **Ex**, **CE**, **IEC**, **ISO 9001:2008**, and **IP66 & IP68**. These credentials demonstrate our focus on delivering dependable, high-quality solutions designed to meet the demanding requirements of industrial, hazardous-area, and critical applications across diverse industries.

CE for Level instruments

Certificate of Conformity

CERTIFICATE OF COMPLIANCE

We hereby declare that the technical file of product complied with requirement of directives 2014/68/EU (PED), 2014/34/EU ATEX Directives

Manufacturer

Name : KLEEV MIDDLE EAST FZE
Address : P. O. Box: 17259, Plot No.: MO0767, Jebel Ali Free Zone (North) Dubai, UAE
Product : Level Gauge (Magnetic, Glass, Board)
Model : KLD, KLE, KLF, KLH, KLG
Harmonized Standard : ISO 80079-36: 2016/COR 1:2019 / ISO 80079-37: 2016 / COR 1:2019/2014/34/EU / 2014/68/EU

The Technical documentation / inspection / test reports comply with the requirements of 2014/68/EU (PED), 2014/34/EU, concerning ATEX Directive. Hence the manufacturer has issued a Declaration of Conformity according to test report and places the CE – ATEX marking with his own Responsibility. The quality system has been assessed, approved and is subject to continuous surveillance according to the directives.

This certificate is issued under the following conditions:

- It applies only to the quality system maintained in the manufacture of above referred models and it does not substitute the design of type – examination on procedures, if requested.
- The certificate remains valid until the manufacturing conditions or the quality system are changed.
- The certificate validity is conditioned by positive results or surveillance audits.
- After fulfilling the relevant EU legislation, the manufacturer shall affix to each device, of the above referenced models.
- The CE mark shown above can be used, under the responsibility of the manufacturer, after completion of the EC Declaration of conformity and compliance with all relevant EC Directives. The statement is based on a single evaluation of the sample of above-mentioned product. It does not imply an assessment of the whole production.

Certificate Number: EC1890/2025:0425

The validity of this certificate can be verified at: www.eurocertindia.com

After Sales Service

At our core, engineering excellence doesn't end at delivery. We design and build our products and systems ensuring its durability and reliability, backing every installation with round the clock technical support, preventive care, and rapid response field solutions to guarantee customer's operational peace of mind throughout the product life cycle.

In close cooperation with our customers, we developed a robust service portfolio in the **Middle East, India, America and around the world.**
