

PANEL INTEGRATION

KLEEV MIDDLE EAST FZE

P. O. Box: 17259, Plot No.: MO0767,
Jebel Ali Free Zone (North), Dubai, UAE
Tel: +971-4-8803777 | Fax: +971-4-8803555
Email: info@kleevme.ae | www.kleevme.ae

WHY CHOOSE US ?

- ▶ We integrate, supply & Install Marshalling cabinet, Network cabinets, System cabinets, Training cabinets, RTU/PLC Cabinets, Control system panels, and Electrical Panels.
- ▶ We have an in-house panel building facility where our highly qualified technicians integrate Marshalling cabinets, system cabinets, Training cabinets, RTU/PLC cabinets, Control system panels, and Electrical panels as per the client requirements.

▶ Panels and Cabinets are integrated by using international branded materials and switches including IP rated Explosion proof certified enclosures.

▶ Our In-house panel integration facility is situated at JEBAL ALI FREE ZONE in Dubai Emirate.

▶ We do the installation and commissioning assistance on the integrated panel (Marshalling cabinets, system cabinets, Training cabinets, RTU/PLC cabinets, Control system panels, and Electrical panels) upon requirement by the client.

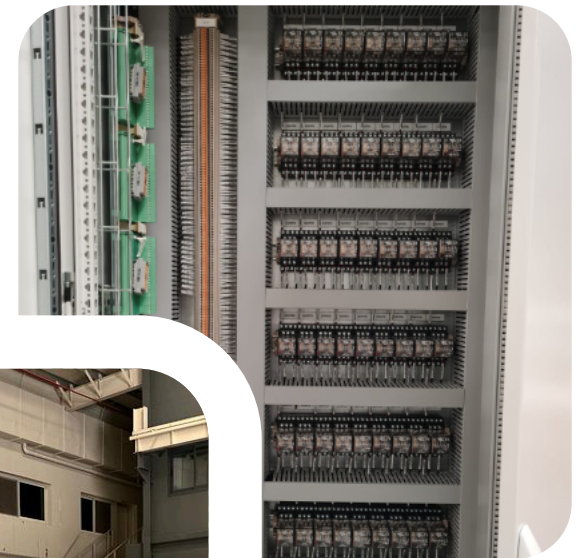

WE HANDLE

- ▶ Marshalling cabinet
- ▶ Network cabinets
- ▶ System cabinets
- ▶ Training cabinets
- ▶ RTU/PLC Cabinets
- ▶ Control system panels
- ▶ CCTV Cabinet
- ▶ Telemetry Panels.
- ▶ Electrical Panels.
- ▶ Console Desk
- ▶ IP rated Explosion proof enclosures.

KLEEV ASSEMBLIES

► KLEEV provides of control panels and sub-assemblies for clients in a variety of industries. Using state of the art equipment, such as our laser engravers, automatic wire cutting, wire stripping, and automated crimping tools, along with our high speed labeller systems, we are able to quickly tool up for either large or small production runs of control panel & assemblies. Our specialised equipment and construction practices allow for consistent quality and short lead times.

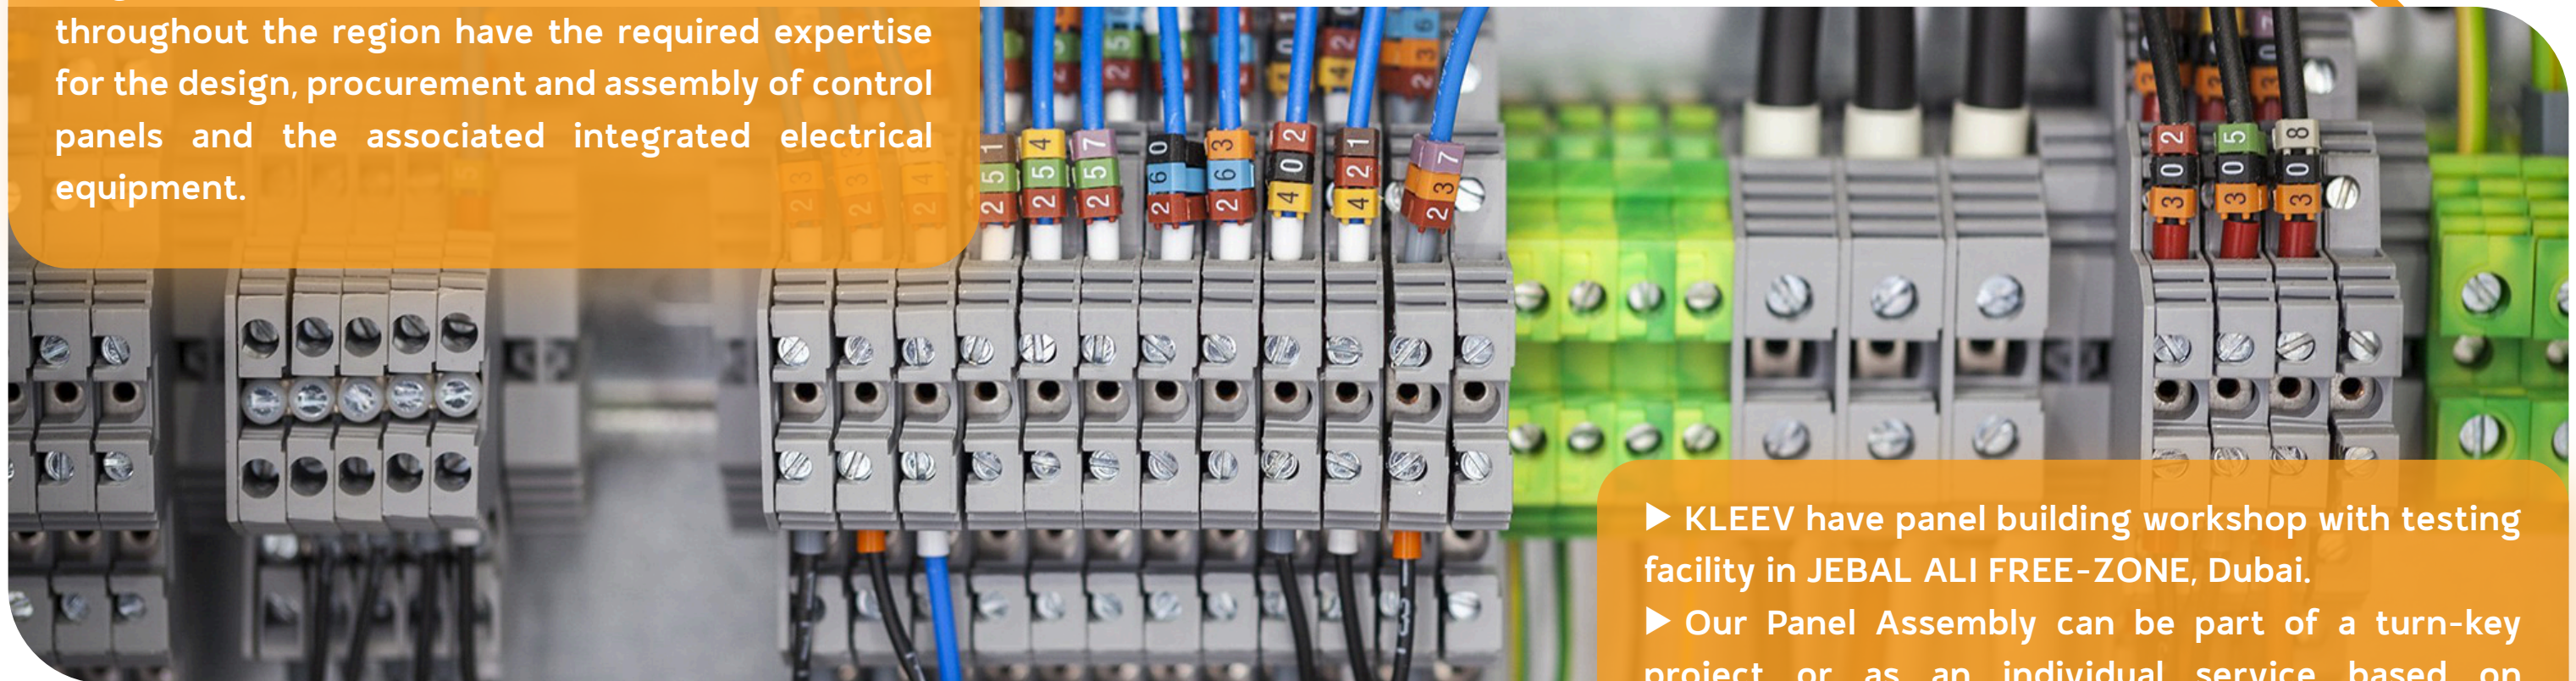

► The panels are designed and build with utmost emphasis on quality, stringent quality checks tests are done at various stages of manufacturing. The panels are manufactured as per the international quality constraints. We built in accordance with the highest standards in panel wiring and assembly.

WE HANDLE

► KLEEV is a panel building & Hardware integration of Industrial Control Panels for clients in a wide range of industries. KLEEV 's technical teams throughout the region have the required expertise for the design, procurement and assembly of control panels and the associated integrated electrical equipment.

► KLEEV have panel building workshop with testing facility in JEBAL ALI FREE-ZONE, Dubai.

► Our Panel Assembly can be part of a turn-key project or as an individual service based on customer requirements. To ensure quality control, all panels must pass thorough quality Testing (QC) before shipment.

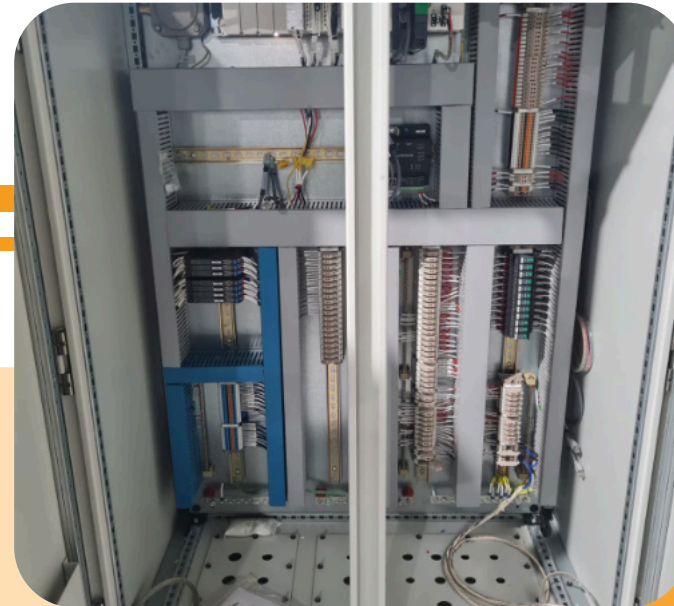

CONTROL PANEL

We have Professional Engineers prepared to handle your critical design projects. Our team will work with you, from inception to installation.

WIRING

Cut to length, labeled, and placed into individual harnesses with exacting precision that's Systems Control. Every connection we make is functional and durable with outstanding craftsmanship.

FABRICATION

After finalising the custom design process, it is time for us to build the control panel fabrication processes can be used for a wide range of tools.

TESTING

Panel wiring, building wiring and integration all tested with our North American leading Utility Benchmark standard.
